Flight time in mountainous terrain _____

Number of landings >1'100m/3'300ft _____

Landings at Davos Lago (LSMV) during the WEF :

If you wish to obtain an authorisation for landings at Davos Lago during the WEF following restrictions apply:

- Previous mountain flying experience and sufficient grand total flight time on helicopters to be demonstrated (see above).
- Written approval of the FOCA based on mountain experience is mandatory.
- Certain types of helicopters may not be approved due to limited dimension of the landing area and limited parking space.
- Direct flights to Davos from outside Switzerland and v.v will not be approved (state aircraft with Diplomatic Clearance only).
- Civilian flights destined for Davos from outside Switzerland must first land at a customs-equipped airport or aerodrome in Switzerland in order to complete the requisite customs formalities.
- Only Day VFR operations will be approved.
- Written approval/accreditation of the Swiss Air Force (see VFRM SUP/Notams) to enter the restricted area is mandatory.
- All restrictions in force during the WEF to be strictly followed (VFRM SUP; NOTAM; AD INFO LSMV).
- A separate Diplomatic Clearance will be required for all state flights within Swiss airspace.

Documents to be enclosed to this application:

- Photocopies of the last 2 pages of the pilot's logbook
 - Photocopies Licence and Medical
-

Confirmation by the applicant
