

Declaration of Consent

Dear licence holder

Previous to changes made to the Data Protection Legislation FOCA Switzerland was entitled, in specific cases only and always complying with the Data Protection Legislation in force at that time, to disclose the personal details of licence holders provided this was in his or her own interest (such as forwarding an address to the Aero-Club of Switzerland (AeCS) in order for trainee pilots to receive information about invitations to enroll in the Air Cadet Exchange program).

Due to changes made to the Data Protection Legislation the respective person must now give his or her consent to allow FOCA Switzerland to hand out personal addresses.

Upon request of the AeCS we submit you this general Declaration of Consent to be signed which will enable certain organisations and other bodies to provide you with future aviation-related information.

Yours sincerely

Federal Office of Civil Aviation
