EASA/TCCA MAG Revision 3, extended implementation date

Dear Sir or Madam

After the FOCA having published all changes related to the EASA/TCCA MAG Revision 3, see our information letter dated September 5th and 9th, 2024, we have received notification from EASA of a new implementation date of November 15, 2024, therefore the initially published implementation date is superseded.

This is in agreement with EASA and TCCA based on the MAG Section A, Chapter I; Paragraph 6.

We thank you for your comprehension and stay at your disposal for any subject related question you may have,

Kind regards

Federal Office of Civil Aviation
