I herewith declare that:

- I have taken note of the restrictions imposed by the Federal Council in the Ordinance on Measures in Connection with the Situation in Ukraine (RS: 946.231.176.72), in particular Articles 9 and 29a;
- I have taken note that the concept of 'control' mentioned in Article 29a letter b of the above-mentioned ordinance (aircraft registered in Russia or owned, chartered or otherwise controlled by Russian natural or legal persons, organisations or entities are prohibited from taking off from and landing on Swiss territory and from flying over Swiss territory) is an economic or financial control;
- I understand that, as a consequence of the above, an aircraft belonging to a Russian natural or legal person may not be flown. This means that Russian citizens are not prevented from renting, borrowing for free, or otherwise using an aircraft to exercise their pilot privileges, but they are not permitted to fly any aircraft that they may own;
- In general, I undertake not to violate any of the aforementioned sanctions while exercising the privileges of the pilot's licence, certificate, qualification, authorisation or attestation that I am requesting by means of the forms attached to this declaration.
